PRAYER PROMPT: Palms Up, Palms Down. Are there places in your life that you need direction, insight, or truth from God? Spend some time in prayer about it. Begin with your palms face up and ask for truth and insight that can only come from the Lord. As you pray, turn your palms face down as a way of setting down your own opinions and perspectives. Turn your palms back up and receive the truth God has for you. Continue this posture of turning your palms over to receive and let go and trust the Spirit to give you insight.
