

WAIVERS & POLICIES

By registering your student, you agree to ALL of the waivers, consents, and policies.

LIABILITY WAIVER:

As a parent or legal guardian, by registering my child for a Student Ministry program, I hereby waive and release Christ Community Church from all claims and liability for any injury my child may sustain while participating in the program.

MEDICAL CONSENT:

I hereby give consent to the administration of any medical treatment, which may be necessary in the opinion of a licensed physician or medical facility, in case of injury or illness, if I cannot be reached.

PHOTO & VIDEO WAIVER:

I agree, without compensation, to permit Christ Community Church to use photographs, video images of my child, or artwork of any kind created by my child, for the use and benefit of ministry, publications, other institutional development, and promotional programs. Personal information will not be used or shared with any other church or organization.

CELL PHONE POLICY:

In an effort to help students engage fully with God, Scripture, and their peers and leaders in the room, we have established the following guidelines for our Refuge environment.

Cell phones should be put away during the following times:

- Worship
- Teaching
- Small group discussions

We will discourage the use of digital Bibles and note-taking. Students should bring a hard copy of the NIV Bible and paper for note-taking. We are happy to help students purchase their own hard-copy Bibles if necessary, and we certainly have Bibles available for use at Refuge.

Cell phones can be used during hangout time. However, we encourage students to value communication and engagement with the leaders and other students present over their use of cell phones.
